AIMS OF THE DEPARTMENT

This department seeks to introduce the student to a personal, vital and living experience with Jesus Christ, and to foster the growth of that experience. By careful examination and analysis of the written Word and its implications, every effort is made to determine the purposes and will of God, as well as His universal truths and ideals. Instruction is designed to provide students with a concept of service as well as to supply the methods which will enable them to share their experience, either in the ministry, or in effective lay witnessing in the church and the world at large, with the objective of advancing the proclamation of God's final message to the world.

MINISTERIAL PROGRAM

Completion of the major in Theology meets minimal requirements for admission to the seminary or entrance into the ministry.

The department warmly welcomes persons who are moved to offer their lives in full-time service to God and humanity. The faculty is available to assist such applicants who wish to evaluate and deepen their experience as well as to explore the expanding opportunities for service. The department will not recommend to the ministry any student who has not completed the course of study as outlined or who has a GPA of less than 2.5, the minimum required for entrance to the SDA Theological Seminary. It is the student's personal responsibility to plan a course of study that includes all requirements for the degree sought.

B.A. in Theology

This program follows a special two-stage composite sequence, each stage approximately two years in length. During the first stage (freshman and sophomore years), attention is concentrated on fulfilling the requirements of the core curriculum of the University, together with introductory Religion classes. During the sophomore year, students begin the study of New Testament Greek.

The second stage provides for completion of requirements for the bachelor of arts degree including specific professional studies. Theology students will be guided into an increasing involvement in the practical aspects of church work. Under the direction of the department, they will be given steadily enlarging responsibilities to serve nearby congregations, institutions and evangelistic programs. This area of development is especially catered for in a student pastorate program coordinated by the SWAU Religion department in conjunction with the Texas Conference and the Southwest Region Conference.
Ministerial Profile and Progression

A call to the pastoral ministry, or any related form of ministry, is very personal. The faculty of the Religion Department recognizes that students who come to the department will either have a sense of divine calling, or will be currently wrestling with this issue. The choice of ministry implies a high level of spiritual commitment and an exemplary life style.

Since graduates from the department will desire and need recommendation from the Religion Department in order to be seriously considered for ministerial work, and for admission to the Theological Seminary, a progressive procedure for guidance of prospective ministerial candidates has been set up. At the end of the first semester of the sophomore year, a personality profile inventory test is administered to all those pursuing the theology program. A small fee, in advance, is met by the student. After the test is processed, the department faculty sets up an appointment with each individual student for the purpose of analyzing the results and of providing the student with an opportunity for self-evaluation.

Continuation in the theology program is at all times contingent upon the student's maintaining satisfactory academic progress, exemplary social and cultural development, and dedication to the principles of the Christian faith and practice as taught by the Seventh-day Adventist Church.

In fulfillment of the requirements for the classes, RLGN 423 & 424 Introduction to Pastoral Ministry, senior theology students prepare a paper describing their personal call and philosophy of ministry. Each paper is reviewed by the members of the Religion faculty, and followed by a personal exit interview with the combined Religion faculty. The composite results of this paper and interview constitute the basis for departmental recommendation for both ministerial work and the Theological Seminary. Subsequently, arrangements are made for senior theology majors to be interviewed by conference presidents on the University campus.
