ANNOUNCEMENTS

Steve Stafford: He encouraged the faculty to continue sending students to him who are having academic problems, keeping retention in mind.

Renard Doneskey: The Scholar’s Lecture Series will be presented by Tim Scholl on October 28 at 7:30 p.m. in Wharton Hall Auditorium. It is entitled, “Hymns in the Church: Past, Present and Future”.

Randy Chastain: He asks that faculty please return their book adoption forms to him as soon as possible. Bill Kilgore asked that everyone continue to pray for Matt Robinson.

Lane Campbell asked for prayers for Columbia Union College’s chaplain, Sabine Vatel, who experienced a stroke.
Noel Levitz: Don Sahly reminded the faculty about the retention aspect of the enrollment. Enrollment numbers need to increase to keep the revenues and expenses in balance. The best way to improve is through growth.

CARS: Representatives of CARS were on campus last week and will send an evaluation report of how the program is progressing on our campus. It is apparent that additional training, software, etc. are needed for us to move ahead.

COLLEGE DAYS: Fred Harder and Tina Bottsford gave a brief report of the College Days that just ended. Reservations were made for 198 people, including students and sponsors, to be on campus. An average of 135 attended the various activities. Eight academies were represented and individuals came from Houston, Oklahoma, and California. Special thanks to all staff and students who helped to make College Days successful.

BOOKS: Dr. Sahly reported on two books that he has found helpful. He will order copies of each and make them available to the faculty. (1) “The Idea of a Christian College” by Arthur F. Holmes and (2) “Quality With Soul” by Robert Benne.

ADVENTIST RISK MANAGEMENT MEETING has been scheduled for October 31 in Wharton Auditorium. Don Platt will be here and present a detailed message on how the program works. If anyone has special circumstances that they have questions about, please put them on paper. They will be sent to Don Platt in advance so he will have time to research them before coming. He has said that he will stay long enough so that all your questions may be addressed.
